

iHub Drishti Foundation (iHub Drishti) is a Section-8, Not-for-profit Company, promoted by and at the Indian Institute of Technology Jodhpur under a National Mission on Interdisciplinary Cyber Physical Systems (NM-ICPS) of the Government of India. iHub Drishti is a Technology Innovation Hub focused around “Computer Vision, Augmented Reality and Virtual Reality”.

**iHub Drishti Foundation invite applications from Indian Nationals possessing an excellent academic background and relevant experience for the post of: **Game Developer** having Bachelor's Degree in any discipline or its equivalent with first division from a recognized University/Institute and possessing relevant proven experience in game development.**

### **Job Title: Game Developer**

#### **Key Responsibilities:**

- **Game Development:** Design and develop video games from concept to completion, utilizing industry-standard game engines, programming languages, and development tools.
- **Programming:** Write clean, efficient, and well-documented code for game mechanics, systems, and features, ensuring a smooth and enjoyable player experience.
- **Gameplay Mechanics:** Implement gameplay mechanics, controls, and user interfaces that align with the game's vision and target audience.
- **3D Graphics and Animation:** Collaborate with artists and designers to integrate 3D models, animations, and visual effects, bringing the game world and characters to life.
- **AI and Logic:** Create and fine-tune AI behaviors, pathfinding, and decision-making processes to challenge and entertain players.
- **Multiplatform Development:** Develop games for various platforms, including consoles, PCs, mobile devices, and emerging platforms, ensuring optimal performance and compatibility.
- **Optimization:** Identify performance bottlenecks and optimize code, assets, and rendering techniques to maintain smooth frame rates and efficient resource usage.
- **Bug Fixing and Testing:** Conduct thorough testing, identify bugs and glitches, and collaborate with quality assurance teams to ensure high-quality, bug-free gameplay experiences.
- **Iteration and Feedback:** Iterate on game features and mechanics based on user feedback and play testing results to enhance gameplay and user engagement.
- **Version Control:** Utilize version control systems (e.g., Git) for collaborative development and code management.
- **Documentation:** Document technical specifications, codebase, and development processes to facilitate effective collaboration and knowledge sharing.

#### **Essential Qualification and Knowledge with Expertise:**

- Bachelor's Degree in any discipline or its equivalent with first division from a recognized University/Institute.

- Possessing relevant proven experience in game development.
- Having strong portfolio in demonstrating game development skills, showcasing involvement in designing and developing games.
- Proficiency in programming languages commonly used in game development, such as C++, C#, Python, or JavaScript.
- Experience with game engines such as Unity3D, Unreal Engine, or others, and a solid understanding of their capabilities and limitations.
- Understanding of game design principles, mechanics, and player psychology.
- Familiarity with 3D graphics, physics, and animation principles.
- Strong problem-solving skills and the ability to diagnose and resolve technical issues.
- Time management skills and the ability to meet project milestones and deadlines.
- Passion for gaming and a desire to stay current with industry trends and emerging technologies.
- Experience with multiplayer, networking, or mobile game development is a plus.
- Attention to detail and commitment to delivering high-quality work.
- Excellent communication skills and the ability to work collaboratively within a multidisciplinary team.
- Strong leadership skills with a dedication to driving and achieving results and have good time management skills.

### Compensation

- As per industry standards (Based on experiences, and negotiable) with annual performance linked incentives in addition
- Tenure: Initially 1 year (reviewable and renewable based on performance)
- Age: Preferably less than 35
- Location: Jodhpur
